This true account from a bio mom
says it all about this foster mom's impact

“My son has autism and she is WONDERFUL with him. My kids LOVE being with Ms. J. I appreciate the hard work and dedication she gives to my children during a time that I needed help. She is a GREAT foster mother. She goes over and beyond to make sure that the children in her care have EVERYTHING they need. When we have our visits, they always tell me how much they love her.”

This story has a happy ending. Mom and kids are all back together and they've all been introduced to our heavenly Father thanks to A Door of Hope foster mom, Jenna.

Jenna's home has room for 5 high-needs kids. She took a step of faith last year and left her well-paying job to love and care for these kids because she knew God was calling her to do this full time. God is providing through us - His people - The Church.

Foster Boy Baptized and More Good News

Earlier this year one of our foster families took in a boy from a group home. This summer he went to summer camp where he got baptized!

On top of that, this family reunited him with his infant brother. Adoption is next!

All thanks to the love of one of our families. We rejoice over such wonderful news!

The Power of Bedtime Bible Stories

A new foster home took in 3 children the day after Christmas. They immediately started reading Bible stories at bedtime. One night they read about creation and the kids were so excited and in awe to hear about all the things God created.

This was their first exposure to the Bible. It's amazing how God is using this family in simple ways.

Youth Pastor Sends Amazing Email

One of our foster moms reported to us that their youth pastor emailed with wonderful news. Her two foster teens, a boy and a girl, placed their faith in Jesus the night before.

Two years ago both were placed in her home with their preteen brother. The family hopes the teens next step is getting baptized.

Thank you to our generous supporters!
Together we are helping to transform lives of modern-day orphans.
